

CSE 170 – Technical Teamwork  
Group Service Project  
Proposal

Date: 6/16/22

Participants: Becca Roeth  
Gabe Hayes  
Yonghwan Lee  
Celestia Wilkey  
Dallin Visnaw

Summary: We will spend two hours walking through nature park and picking up any trash we find along the trails. When we arrive at the trails, we will take some photos in order to know how dirty there is. If necessary, we will move on to beaver dick park and continue to pick up trash there. After we take two hours for picking up trash, we take photo again. We will know what we would do.

Timeline: We plan to complete our 2 hours of service on Monday, June 20th at 1:00 PM at Nature Park. We will meet in class on Thursday, June 23rd to work on the Final Report and have it submitted by Friday, June 24th by the end of the day.

Materials: Trash bags, gloves, snacks, tongs, hand sanitizer, masks, smartphone with a camera and map

Procedures:

- 1) The project will start Monday afternoon at 1pm
- 2) All members will show up to the location with necessary supplies
- 3) All members will spend the next 2 hours picking up trash at the park
- 4) All members will contribute to the report draft which will then be proofread before being finalized
- 5) The final report will then be submitted through i-Learn
